

Commission to Seek Federal Aid for Lakes Improvement

ASSEMBLYMEN MAKE INSPECTION TOUR OF CHAIN O' LAKES

Hope to Obtain U. S. Refor-
esters to Improve
Region

RESIDENTS TO HOLD MASS MEETING SOON

Improvement of waterways to aid navigation in the entire chain of lakes area, and the Fox river valley and the reclamation of thousands of acres of swamp lands is a project now being planned and for which state and federal aid will be sought, according to Representative Richard J. Lyons, chairman of the Illinois Commission appointed by the last general assembly to survey the lakes region.

The commissioners, who besides Lyons, included Senators Barbour and Benson, and Representatives Skarda and Pettit, joined with residents of the river and lake district Saturday in a tour of inspection of the district. The trip, starting at McHenry, included all of the major lakes in the chain.

Revelation to Assemblymen
Points of interest were pointed out to the commission members, some of whom were making the trip for the first time. Improvement projects affecting Lake county highways were brought to the attention of the senators and representatives by William A. Rosing, Antioch township supervisor, and R. M. Lobdell, Lake county highway engineer. The commission (Continued on Page 8)

Simpson Announces Annapolis Vacancy

The United States Navy Department has informed Congressman James Simpson, Jr., of a vacancy which will exist early next year at Annapolis to be filled from the Tenth District. Congressman Simpson has asked Captain Edward A. Evers, U. S. N. R. F., to act as president of an examining board to consist of naval officers to hold an examination in September or October and select the candidate best fitted physically and mentally for the appointment. The applicant should be not less than sixteen years of age nor more than twenty on April 1 of the calendar year in which he enters the naval academy, and must have resided in the district for not less than two years.

Simpson Will Qualify Choice
"I shall accept the Board's recommendation and qualify their choice as my appointee," Congressman Simpson writes The Antioch News. "Those desiring to compete may file their application at my office, 1791 Howard street, Chicago."

"I am making this announcement at an early date in order to allow the boys competing ample time to prepare themselves for the examination. "I am also writing to Mr. Phil Collins, Executive Vice President of the American Legion "33" Corporation, asking whether or not he can arrange in some way to honor the successful candidate during the National Convention of the American Legion to be held here during October. It is my thought that perhaps a boy chosen could be given a ticket to the Convention, and possibly be congratulated by the National Commander. I feel that this is consistent, inasmuch as it will be the forming of the career for the successful youth, and naturally feel that it would be an honor for him to be recognized by the leaders of the prevalent organization of ex-soldiers, sailors and marines."

St. Peter's Carnival Success, Says Priest

St. Peter's summer carnival held last week-end was pronounced a success "but not an outstanding success" by Father Francis M. Flaherty. Good crowds were in attendance on the grounds the three nights, with the largest crowd gathering on Saturday night.

Drive Waged Against Slot Machines in Early Part of Week

Elks Are Raided When Officials Are Hosts

Three slot machines were confiscated Wednesday night at the Elks Clubhouse while the Lake County organization was entertaining a dozen Elk celebrities. Confiscation, according to Sheriff Lester Tiffany, was made on orders from State's Attorney Mason. Both the sheriff and Mason were among the hosts of the evening.

Mason when questioned by his fellow Elks who gathered round, with some discomfort admitted that he had sent the sheriff written instructions to seize all slot machines in the county. The particular devices being used at the clubhouse had not been especially designated, he stated. Elk notables who were being entertained when the raid was made, included Walter F. Meir, grand exalted ruler of the World lodge of Elks, J. E. Masters, grand exalted secretary and Floyd E. Thompson, past grand exalted ruler.

Slot machines were removed from restaurants and resorts in Lake County Sunday night and early Monday following an order given out from the office of Charles Mason, state's attorney, that all persons found with the machines in their possession would be subject to fine and imprisonment.

The drive to wipe out the slot machine racket at this time when the season is at its best, was said to have been given impetus by the rumor that Chicago gangsters were reaping the profits. Complaints that the removals will send vacationists' business into the Wisconsin territory has been made by resort owners who claim that they will be deprived of considerable profit.

Plan to Make Legal
Plans are being made in some sections of the county among business men to appeal to the legislature to make some provisions for legal operation of the machines and to make their operation legitimate.

Slot machines were removed from several places of business early Monday morning in and around Antioch.

Increase in Nickels
An increase in the number of nickels being given in trade during the past few days, has been noticed by several merchants, and at one of the banks it was reported that nickels were being deposited in quantities for the first time in months.

A drive is also being made against punchboards in the county and carnival gambling devices. Reports that several companies operating, have "fleece" patrons have been circulated. An announcement from the state's attorney's office, indicated that leniency would be observed in dealing with church and other civic organizations trying to raise money.

Leo Mongoven, resort operator on Bluff Lake, was picked up in Chicago last week while in the city to buy slot machines, but was released the latter part of the week. At that time, he stated to police that he was buying the machines for his resort near here.

Club Girls Win Prizes in County Contest Last Friday at Grayslake

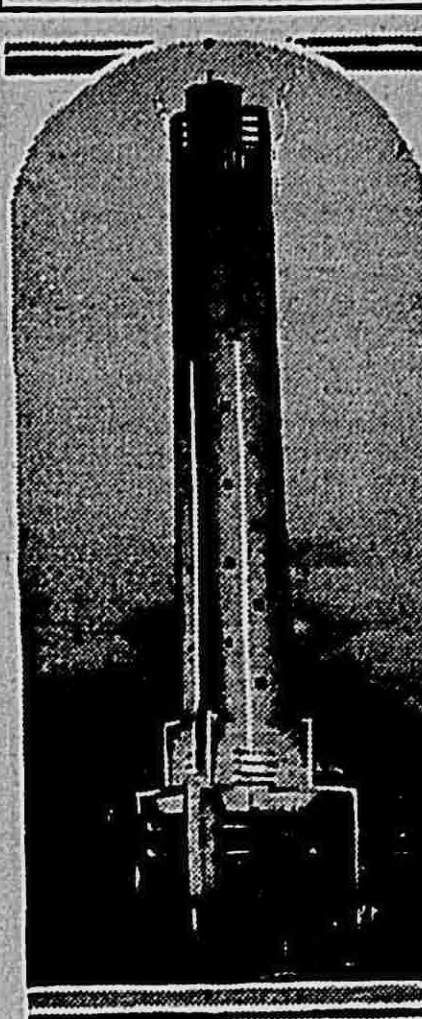

Pearl Edwards and Clarice Minto, of the Cheerful Stitches 4-H Club, were awarded prizes in the style show held last Friday in connection with County Contest Day at Grayslake. In the judging contest, Margaret Hughes and Pearl Edwards, members of the same club, won second prize.

A picnic lunch was eaten by the clubs at noon. At the meeting last week, held at Oakland School, patch making and judging were practiced.

To Play Indoor Ball

Indoor baseball will be played this evening on the grounds of the Grade School, between the Antioch Firemen's team and the Barney Shunne combination.

Largest Thermometer

VISITORS to A Century of Progress can tell you how hot it is by glancing at this huge thermometer which can be seen by day or night from long distances. The thermometer is 200 feet high and has numerals three feet high cut out of pressed wood on each of its three sides. The columns that indicate the temperature are made of neon tubing electrically operated by a master thermometer. Ten miles of wire, 3,000 feet of tubing, sixty tons of steel and several hundred feet of pressed wood were required to build this largest thermometer of them all.

Water Bills Average 20 Per Cent Increase

Consumption Boosted for Quarter by Lawn and Garden Use

Water bills mailed out Tuesday for the past quarter show an increase in water consumption in practically every case, according to Village Clerk Roy Murrie who attributes the increased consumption to the use of water for sprinkling lawns and gardens.

Increases as shown on the individual vary from 10 to 30 per cent, averaging around 20 per cent. Simon Simonsen, superintendent of the village water plant, reports the largest amount of water to be pumped in a single day was 79,000 gallons, which is almost double the 40,000 gallon capacity of the tank.

Bills were mailed this quarter because delivery was found unsatisfactory and expensive. Insurance on the men doing the delivering, required by state law, amounted to more than the total postage, according to the board.

In accordance with instructions from trustees, Clerk Murrie mailed all bills to the landlord regardless of whether agreement exists for the tenant to pay the bill.

Florence Hackett Wins County Health Contest at Waukegan

Florence Hackett, daughter of Mr. and Mrs. Fred Hackett, was winner of the county 4-H Club health contest conducted at Victory Memorial Hospital, Waukegan, under the auspices of the Lake County Home Bureau, last Friday.

As winner, Florence represented Lake County in the district contest held at Geneva Wednesday, where a girl from Kendall County was awarded the first place for the district.

Florence received a rating of 96 in the county competition for which Dr. Branyon and Dr. L. F. Walde-mann, representatives of the Lake County Medical Association examined the entrants. Teeth were the only point on which she did not receive a perfect rating. A rating of 100 per cent was given the winner in the district.

Kaye Receives Highway Inspector Appointment

Appointment of Richard Kaye as a plant inspector in the state division of highways, was confirmed in a dispatch last week-end from Springfield. It is understood that Mr. Kaye will be a gravel pit inspector. He was active last spring in the local Social Democrats Club.

ANTIOCH MERCHANTS BACK N. R. A. CODE; SIGN CERTIFICATES

Chamber of Commerce Is Planning Group Discussion, Swanson Says

Despite a number of difficulties in adapting the national Industrial Recovery Act codes to small town business establishments, local merchants have already signed the compliance certificate indicating their willingness to co-operate with the administration, in many cases, and in others codes will be adopted when they have been drafted for the particular type of industry.

In a number of cases local firms were already working on schedules which were under the maximum 40-hour week which has been set for all retail groups with the exception of grocers who are permitted a 48-hour week, and certain professional groups.

Merchants who had signed the compliance certificate indicating their adoption of the code, at noon today were:

Reeves' Drug Store
King's Drug Store
State Bank of Antioch
Atlantic and Pacific Tea Company
National Tea Company
Antioch Milling Company
Scott's Dairy
Whitmore Chevrolet Garage
Lake St. Service Station
The Antioch News
The Antioch Lumber Company.

A 40-hour week in compliance with the Lumber and Building Materials association is being placed in operation this week at the Antioch Lumber and Coal Company. According to this agreement, the wage scale is set at 30 cents an hour. The local lumber company has never paid less than 40 cents an hour and is increasing that wage at this time, according to H. J. Vos, president.

The standard 40 hour week is being adopted at the Whitmore Chevrolet garage, this week, following a meeting of Lake County Dealers in Waukegan where plans for the new working hours were discussed. Plans to call a general meeting of Antioch merchants are under discussion, according to Fred B. Swanson, president of the Chamber of Commerce. (Continued on Page 8)

Beer Ordinance Revision Allows Sunday Opening

Revision of the ordinance, passed early this summer for the regulation of beer dealers in Antioch Village, will allow taverns to set their own times for opening on Sunday mornings and permit the operation of a beer dispensary, not selling for consumption on the premises, outside the fire limits, following action taken by the board of trustees this past week.

Previously, taverns were not permitted to open before 12 o'clock, noon, on Sundays, and restaurants and hotels were refused the right to sell beer until after that time.

A clause in the beer ordinance restricted all beer dispensaries to the fire limits of the village, but the recent amendment will allow the establishment of such places of business on Depot and Corona streets. This provision will give the board the right to grant a license to Ray Pregenzer who plans to operate a warehouse on East Depot St. However, sales for consumption on the premises are barred outside the fire limits.

4-H Club Will Hold Achievement Day Next Week at Grade School

Girls of the Antioch 4-H Club will hold their Home Achievement Day at the Antioch Grade School, next Tuesday at 2:30 o'clock in the afternoon. An exhibit of work which has been completed during this season and a program will be offered by the girls for the entertainment of visitors. The public is invited to attend.

Droms Gather for Annual Re-union

Forty-nine members of the Drom family gathered Sunday for their annual re-union at the Wallace Drom home which is the old A. T. Drom homestead. Members were present from Missouri, Eau Claire, Rayner, Downs, Polo, Manitowoc, Waukegan, Harvard, Chicago, Milwaukee as well as Antioch for the all-day occasion.

Heart Attack Given As Cause of Death of Chicago Woman

An acute heart attack was given as the cause for the death of Mrs. Mary Ellen Shanahan of 5219 West Madison Ave., Chicago, last Sunday morning, at the coroner's inquest held Monday at the Strang Funeral Home.

Mrs. Shanahan was staying at the Holmes cottage in Woodcrest for the week-end at the time of her death. Accompanied by her husband, Edward S. Shanahan, and several other couples she had come to the lake region for a vacation. On Saturday night, everyone retired after a swim and shortly after midnight, Mr. Shanahan, aroused some of the others to tell them that his wife was ill.

She was brought to Antioch where Dr. R. D. Williams was located, but she was dead before he made an examination. Mrs. Shanahan was reported to have three children, whom she had left in Chicago, and to be caring for three other children.

Antioch Escapes Milk Price Boost

Code Affects Only Metropolitan Area; Includes Lake Villa

A boost in retail milk prices to the consumer went into effect Tuesday through the metropolitan area as far north as Zion and McHenry in accordance with the milk code drafted by Secretary of Agriculture Wallace.

The increase, ranging from 1 cent on milk to 2 cents on cream, affects Lake Villa, and Round Lake, but does not apply to Antioch, which is outside the area, according to local dairy authorities. Efforts to have a similar price rise made effective also in areas like Antioch are being made and there is a prospect of an amendment being adopted to the code.

The increase, also effective in Waukegan, makes no change in the price charged on a quart of milk, but raises the price of a pint of milk to 7 cents, an increase of one cent. Special milk is also raised a cent a quart. Coffee cream is priced at 55 cents in the new schedule, an increase of 10 cents, and 15 cents a pint which is an increase of 2 cents. Bottled cream to the wholesale trade, will sell for 42 cents, an increase of 7 cents.

The area affected by the milk code extends from Chicago north to Thirty-third St., at Zion and west to McHenry. Because Antioch is on the border-line, the code is causing some difficulty in the local dairy business, according to Walter Scott, of Scott's Dairy.

Minnesota Pastor Will Preach During Rex Simms' Vacation

The Rev. J. Ross Colquhoun of Wabasha, Minn., of Grace Episcopal Church, will officiate at St. Ignatius Church, Antioch, and St. Andrew's Church, Grayslake, during the month of August while Father Rex C. Simms is on his vacation.

Father Simms will be at Doddridge Farm, near Libertyville this week where he will hold services and instruct a group of children from "The House of Happiness," "Cathedral Shelter," and "Chase House," church institutions in Chicago. After that he plans to go to Kentucky.

Scott's Dairy Takes Over Richmond Plant, Purchasing Equipment

Pretzman's Dairy of Richmond was taken over early this week by Scott's Dairy, owned by Walter Scott, who plans to supply the Richmond milk route from the Antioch plant. Equipment of the Richmond Dairy, operated by Mrs. Anna Pretzman, was included in the purchase, according to Mr. Scott.

The Scott Dairy, which is equipped with the latest machinery for pasteurizing and marketing milk, has a wide patronage extending into the Twin Lakes area and south to Lake Villa, Round Lake and Long Lake. Nine trucks are operated for the delivery service of the business.

Firemen Called to Extinguish Truck Fire

Antioch firemen were called out this afternoon to extinguish the flames from a burning truck on the Beach Grove road. Damage to the truck amounted to about \$10.

SEWERAGE EXTENSION, CURBING AND TOWERS TO BE NEXT PROJECTS

Board Plans to Use Gas Tax for Improvement on Spafford St.

Curbing improvement, sewerage extension and a new water tank, to be financed by gasoline tax funds and possible loans from the government under the National Recovery Act, were planned by the Village fathers at the regular August meeting Tuesday night.

The curbing is planned for Spafford street to be financed with the first local receipts from the gas tax money, which it is estimated will total \$16,000 for this village. Receipts are allotted according to the population.

Extending Sewers
Extension of the sanitary and storm sewers on Spafford and Harden streets is also contemplated. Application for funds under the National Recovery Act have been made by the board. If funds are granted, 30 per cent of the total cost of the project will be given outright to the village. The estimated cost of the extension is \$2,600 as figured by James Anderson, Lake Forest engineer.

Installation of the sewerage for those parts of the streets which have none, is regarded by the board as a necessary measure toward public health. Board members agreed that unless the improvement is made in the near future, an epidemic may be expected in that section, now that it is becoming well settled.

The third improvement for which tentative plans have already been made is the construction of a \$100,000 gallon water tank to replace the present tank with a capacity of 40,000 gallons. The cost of the construction is figured at \$8,600. Under the National Recovery Act loans, 30 per cent of this sum would come as an outright gift from the government and the rest be loaned on security. However, a reserve of around \$5,500 on hand in the water fund, would practically cover the remainder of the cost.

In case the loans are granted, a local bond issue will be floated.

Widening Pavement
Widening of the Lake St. pavement beyond Victoria St., according to present plans, will be the next project taken up with the gas tax money. This widening will give increased space for handling traffic and for parking.

It was questioned whether the Lake St. paving project should not be undertaken before the curbing of Spafford St., but board members decided it would be advisable to have this work done at the same time the sewerage extension.

The sewerage extension would call for an 8-inch sanitary sewer and a pumping station for Harden and Spafford Streets. The sewer would have a total length of 1020 feet.

Continual clogging of Spafford St., following the completion of these projects, it is believed would in time give the street a surface similar to a tarred street.

PAUL WILLIAMS COMES TO NEWS

Paul W. Williams, former Ohio newspaper man and publisher, this week joined the business and editorial staff of the Antioch News, beginning his duties here Monday. Mr. Williams comes to Antioch well recommended, and he has to his credit a long and successful newspaper experience in the Buckeye state where he has held responsible positions with such publications as the Youngstown Telegram, and the Canton News, besides having been engaged in the publishing business in his own right at Minerva, Newton Falls and Warren. More recently he was connected with the Rayner company, on Lake Street, Chicago, lithographers and music publishers.

Mrs. Williams and daughter, Jane, will join Mr. Williams here this week.

Mineola Hotel Robbed of Several Hundred in Stick-up Wed.

Three men, with sawed off shot-guns, took several hundred dollars from the safe of the Mineola Hotel at Fox Lake in a hold-up last night. Telephone wires were cut by the bandits after forcing an attendant to unlock the safe. Deputy sheriffs from Waukegan were sent when the manager called Sheriff Lester Tiffany from the Fox Lake telephone exchange.

STEADY SELLERS

Just what the handling of known brands means to the dealer is not always fully appreciated. While most people come into the store with the fixed purpose of making one or more purchases, their determination is not so fixed that they may not change it should conditions not meet their expectations. If, after asking for one or more brands of merchandise upon which they have been sold, they find that the dealer is not stocking them, the impulse is to go elsewhere to get what they want.

Advertising has convinced people of the merits of established brands. They understand that no manufacturer, no matter how much publicity he gives to his products, can afford to allow the quality of his product to be lowered. The deterioration of the product marketed under an established brand would have such a recoil as to put the maker out of business, for consumers would use the result of the advertising in reverse action—that is they would remember the product to avoid.

The net result to the dealer is that he can feel sure that in selling advertised products he is supplying his customers with guaranteed goods.—Paoli Republican.

COTTON TAX

Detailed inventory of all cotton stocks, including the minute weighing of the thread on a spool and similar small quantities, will be taken this month in line with the tax to be paid on cotton under the Agricultural Adjustment Act. Merchants in town who sell anything in the line of cotton, whether as ready made garments, spools of thread, shoe laces or some other trifle, are laboring in perplexity over this new problem.

The floor tax, which affects local retail merchants,

according to the provision of the act, will be paid only once. Its purpose is to start the tax on cotton on an even footing. This requires a tariff of 4.4 cents on a pound of cotton in any form. Deductions are allowable for buttons, buckles, the boards on which bolts are wrapped, and similar attached articles which are not cotton.

Those cottons which are on the shelves and are sold by August 31 are not subject to tax. Neither are those good which are received from the wholesaler during that period.

The tax is similar to that placed on wheat last month. These taxes are intended to raise compensation which may be given to the farmer for cutting down the production. The first check for cotton stabilization was recently issued to a farmer for plowing under a certain number of acres of his crop.

This artificial method of controlling crop production, necessarily has its disadvantages. It is already being ridiculed in its relation to the wheat crop, because nature, in the form of storms and droughts, has already reduced the yield from this crop. But if the Adjustment Act can develop a confidence in controlled production, among the farmers, it will have justified its weaknesses.

PUBLICITY NEEDED

"Publicity is an aid to good government," says J. P. McDonald, vice-president of the Minnesota Taxpayers' League. "Every voter has a right to know what his officials do and he has the right to know where the public money is going, since that money comes from the pockets of every citizen."

Continuing, Mr. McDonald says: "The knowledge that all public transactions will appear in print has a restraining influence on tax-levying bodies. There never has been a time when public reports are more thoroughly scrutinized by a tax-conscious people than they are today."

Illinois statutes provide that all officials handling public moneys must publish an annual report showing all funds received and from what sources received, and of all funds expended, to whom paid and for what purpose. Some public officials ignore this law. Several have attempted to cover up irregularities by refusing to comply with it. The law means what it says and is a good law.—Sparta News-Plaindealer.

BUILDS BUSINESS ON HONESTY AND PROMPT SERVICE

Irving Carey Has Established Successful Twin Lakes Business

Honesty and fairness to the public and the rendering of prompt and efficient service is the policy upon which Irving Carey has built the successful Twin Lakes electrical business which bears his name.

For five and a half years Mr. Carey was established in the store later occupied by the Atlantic and Pacific company and in May of this year removed his stock to the building he is now occupying.

The shelves and display tables in the Carey electric shop are lined with appliances of all kinds, paints, and numerous articles in the hardware line. He also sells refrigerators, automatic water systems, plumbing fixtures, and ranges.

During the summer season he employs a plumber, Herbert Krohn, of Genoa City, and two electricians, Lloyd Stoen, Wilmet, and Ed Kamin, of Silver Lake. Ben Bernhardt is clerk and Mabel Steele bookkeeper. Stoen is also employed in the store during the winter time.

Mr. Carey, who belongs to the well known Carey family of Wilmet, was employed by the Wisconsin Power and Light company, at Twin Lakes, prior to the time he assumed the management of the electric shop.

His father, for many years president of the Carey Electric and Milling company at Wilmet, died in 1926.

On another page of this issue of the Resorter appears an advertisement announcing the huge Carey stock liquidation sale, which commences Saturday. All kinds of electrical goods, electric light fixtures, radios, refrigerators, vacuum cleaners, and many other articles are being closed out at remarkably low prices.

Buddy Beyer Wins Ninety Percent of His Boxing Bouts

Although he is not in the fighting game at the present time, things pugilistic have appealed to Buddy Beyer, well-known proprietor of one of Twin Lakes' popular recreational centers, since he was a kid, living in Chicago.

And it was in 1927 in Howard's gym that Bud did his first competitive punching, having been trained by Felix Kolb, at that time one of the best professionals in Chicago.

Since then Beyer has been carded at the Antioch Palace, the Polly Prim at McHenry, the Belle Plaine

Athletic club, and the Marigo Gardens, Chicago.

In 1930, while fighting at the Palace, Bud broke his hand, at which time he left the ring, but not for good.

WINS 90 PER CENT

When asked what percent of his fights he won Bud shook his head in his own modest way and refused to comment. But the representative of the Resorter just wouldn't be satisfied with that answer and so the genial Bud finally 'fessed up and admitted the percentage ran somewhere in the early nineties, which he attributes to the presence of his inspiration and helpmeet, Mrs. Beyer. "She never missed one of my fights," he said.

The Beyers have two lovely chil-

dren, Edward and Patricia.

"No doubt you're planning on making a boxer out of Edward, too?" he was asked.

"No, I don't have to; he's already one," was Bud's typically clever reply to the interviewer's interrogation.

REMODELS PLACE

Since Beyer took over the management of the blue room and barroom formerly run by Max Schoor, he has changed the arrangement of the stage, redecorated the entire interior, equipped the kitchen and barroom with a refrigerator system, and re-equipped the cooking facilities in the kitchen. He is now prepared to serve both steak and chicken dinners.

The Beyers live at Twin Lakes all year around, in the apartment above the ballroom.

Our Part in Government

TODAY men of all nations are evidencing deep interest in the affairs of their respective governments. This progressive attitude undoubtedly resulted from the ceaseless, though not always recognized, influence of the wonderful Christian teaching that in the sight of God all men are equal. This does not mean that every person as a citizen can have assigned to him a special public duty. However, to everyone comes the privilege, as well as the duty, of being a supporter of right government, and this is indeed a high office. To each citizen come opportunities to support a righteous government through intelligent thinking. Through such qualities of thought as are implied by the words understanding, charity, citizenship, and prayer, the individual can prepare himself to be a useful citizen in his community.

Christian Science enables one to regard these subjects in their true light. As men begin to grasp the truth concerning God's government, and to prove their understanding by bettering individual thinking, they find themselves willing and ready to accept the responsibilities of useful citizenship.

Many opportunities are thus made available by spiritual understanding. This understanding includes intelligent comprehension, enlightenment, alertness. One who through Christian Science seeks to understand his government, its purposes, methods, and aims, has an intelligent standard whereby to measure its acts. He is not misled by false propaganda or by personal influence. He casts his ballot on the side of integrity, sound sense, and progress. In this way he rises above the limitations of a merely material sense of government, and begins to demonstrate the truth concerning real government; for he has learned the spiritual nature of man as an intelligent son of an all-wise God, the perfect Mind.

Charity, too, is an open door to opportunities for serving. It may be described as a true sense of love. Charity is the attitude which rejoices in the certainty of the ultimate triumph of Truth, even when evil seems threatening. To charity, evil is only a deceiving false sense which may be progressively replaced with the true sense of being as spiritual. When charity governs thought, the citizen may look critically upon his government in a helpful way. He may turn the searchlight of critical inspection on the nation's functionings, and by keeping aglow in his own thought the light of wisdom, fairness, patience, and love he will be able to see not only the errors to be eradicated, but the good already accomplished.

Many doors to service are opened by the qualities expressed in the word "citizenship." Citizenship, as a way of living, has to do with such opportunities as come to the thinker in the usual walks of life, in the home, the school, or the shop. Citizenship means bringing to bear upon these activities the influence of a high idealism. It means practicing Jesus' Golden Rule, "All things whatsoever ye would that men should do to you, do ye even so to them." For the student of Christian Science to be a good citizen he must practice the truth discovered and founded by Mary Baker Eddy. That this religion is the Science of Jesus' teachings has been proved many times by the works which its students have done and are doing through the spiritual understanding of God's law. He who practices Christian Science, in ways small or great, is well prepared to take his place as a servant of mankind. Speaking of "a knowledge of the Science of being," Mrs. Eddy says in "Science and Health with Key to the Scriptures" (p. 125), "It raises the thinker into his native air of insight and perspicacity." Surely, one so equipped can furnish strong support to the right activities of civic government. The doorway to the highest service is opened through the power for good in true prayer. Prayer founds thought on the divinely substantial Rock, Christ, the true idea of God, the strong foundation for the superstructure of harmonious living. True prayer avails, and the Christian Scientist learns to pray availingly not alone for the good of himself, but for the whole world. In Christian Science, prayer is fervent, reverent aspiration; it is spiritual vision. Prayer is that mental attitude which rests on the conviction that God, Love, is the only cause and creator, and that every real effect is Godlike. Prayer breaks the mesmerism of befogging material sense, and through the mists it reveals God's man, governed by God. Through prayer consciousness is filled with the holy facts of being; greed is replaced with unselfed love, hatred and ignorance with wisdom.

"Are we benefited by praying?" asks Mrs. Eddy on page 2 of Science and Health; and her immediate answer is, "Yes, the desire which goes forth hungering after righteousness is blessed of our Father, and it does not return unto us void." As men universally learn so to pray, the mental atmosphere of the whole world will be suffused with loving-kindness, and all can then echo the angelic rejoicing, recorded by the Revelator, "The kingdoms of this world are become the kingdoms of our Lord, and of his Christ; and he shall reign for ever and ever."—The Christian Science Monitor.

Hickory Corners Home is Scene of Birthday Surprise

Wells Are Hosts to Guests at Dinner Last Friday

Mrs. Chris Paulsen was pleasantly surprised at her home last Tuesday evening by twenty-two relatives and friends in honor of her birthday.

Mr. and Mrs. Curtis Wells entertained the following friends from Oak Park, for dinner and supper Friday: Mr. and Mrs. George Lane and sons, Gilbert and Prescott, Miss Eva Price and Mrs. Roth and daughter. It was also Howard Wells' seventeenth birthday.

The farmers started threshing in this neighborhood Saturday.

Virginia Protine is visiting relatives at Lake Forest.

Mr. and Mrs. Charles Truax and son, Glenn, drove to Fort Atkinson, Wis., on business Wednesday.

Mr. and Mrs. E. W. King, Miss Grace Tillotson and Mrs. George Thompson spent Wednesday at the Century of Progress.

Mr. and Mrs. Morrow of California, cousins of Mrs. Nettie Wells, and Austin and Mort Savage, called at both homes, last week, enroute from their home to the World's Fair in Chicago.

Mr. and Mrs. Alva Scoville and son, Lynne, of Kenosha, also Mrs. Emma Brazier and Miss Hazel called at George Tillotson's Sunday evening.

Mr. and Mrs. John Crawford and Earl and Bertha were dinner guests of Mr. and Mrs. Jim Howe of Russell, Sunday.

Mrs. O. L. Hollenbeck spent Wednesday at the home of Mrs. Nettie Frazier at Lake Villa in company with a party of other ladies.

Wilson King spent last week in Kenosha visiting his cousins, the Bishops and Scovilles.

Mrs. Emily Mann is visiting relatives and friends in Grayslake this week.

Leo Thompson and the Phillip Gould family of Grayslake spent Monday of this week at the Century of Progress.

Mr. and Mrs. Andrew Grant of Edison Park visited at O. L. Hollenbeck's, Thursday afternoon.

Mr. and Mrs. William D. Thompson and Helen, also Miss Eva Webb of Millburn spent Tuesday afternoon in Waukegan.

WE DO OUR PART

National Tea Co. is enrolled under the Blue Eagle standard of President Roosevelt's National Recovery Plan, operating under a CODE OF FAIR COMPETITION FOR THE FOOD AND GROCERY DISTRIBUTORS industry established under the National Industrial Recovery Act.

In enthusiastic support of President Roosevelt's National Recovery Plan, which has for its objectives the placing of men and women to work, establishing a minimum compensation for their labor, and a maximum hour week of employment; as well as seeking to establish a proper basic price to the farmer for the products produced, the officials of the National Tea Co. enthusiastically endorse this program, and are co-operating in every way possible toward bringing about its success.

Together with others in the food and grocery distribution industry in this community the National Tea Co. takes its place in the compliance of the provisions of this CODE OF FAIR COMPETITION in a patriotic spirit, and asks its employees, as well as its many friends among the consuming public to join together in this sincere effort to live up to the spirit, as well as the wording of the code under the Blue Eagle, so that as rapidly as all industry can adjust itself to the new plan that all of our people and fellow citizens may again have the privilege of following their vocation, enabling them to earn a livelihood for themselves and family. The plan can be made a success by whole-hearted co-operation. We will do our part toward that end.

And you can buy a Splendid Spring Mattress at only \$11.50 tomorrow but this isn't the only home comfort that is featured at sensationally low prices during our August sale!

WILMOT ACCIDENT RESULTS IN DEATH OF TRUCK DRIVER

More Than 400 Attend
Holy Name Dinner
and Supper

An accident in which Jim Smolv, 21 years old, of Waukegan was killed, occurred Wednesday noon at Wilmot, across from the Carl Schultz Garage, when the gravel truck driven by Smolv plunged off the highway bridge, becoming wedged between that and the footbridge.

No reason could be given for the accident. Mr. Schultz who witnessed the truck's crash from the highway, said the car was moving at a moderate rate of speed, and there was nothing in the road to obstruct its progress. It is believed that the driver was suddenly taken sick or that a flat tire or similar handicap, made him lose control of the car.

The driver was thrown against the highway bridge, free of the truck, either by the fall or because he jumped. He lived for only a few minutes following the accident.

Smolv was Polish, and had been married just one month. He was driving the truck to McLean bridge between Fox Lake and Richmond at the time of the accident. The truck belonged to the Adolph Mohr gravel hauling company of Waukegan.

K. C. Arnold, better known to his many friends as Cars, 83 years old, who for the past twenty-seven years has made his home with Louis Hege-man at the Wilmot Hotel, died Sunday evening, July 30.

K. Carson Arnold was born in New York state, August 15, 1859. At the age of two years, he came to Wilmot with his parents and since that time has spent the greater portion of his life in the village. He was a carpenter by trade.

As a young man, he was united in marriage to Miss Orville of Kenosha, who died about thirty years ago.

The body was taken to the Hansen funeral home in Kenosha where services were held at one-thirty Tuesday afternoon with interment following in the Wilmot cemetery.

400 Attend

More than 400 persons were served at the dinner and supper sponsored

by the Holy Name parish of Wilmot in the church basement, Sunday noon and evening, in connection with the annual picnic of the church. In spite of the heat, the grounds were thronged with visitors throughout the day, many of them having come from Chicago, Kenosha, and other nearby cities and communities, making the venture an unusually successful one.

The dining room was attractively decorated for the event and arrangements for the meals and picnic activities were ably managed by large committees of parish workers.

Next Thursday afternoon, the women of the church will serve a dinner in the parish dining room at which Senator Joseph Donahue, of Chicago, purchasing agent for the Chicago school board, will be host to fifty prominent Chicagoans.

Among the guests will be Clayton F. Smith, Illinois County Recorder and Mrs. Smith, Judge and Mrs. Justen McCarthy, Judge and Mrs. Irwin Hasten; Frank Donohue, assistant state's attorney, Alderman A. S. Schultz of the 47th ward; John O'Shea and daughter, Margaret; Father Dunn of Queen of Angels church, John H. Hayes, ward committeeman and Mrs. Hayes.

Lutheran Mission Festival

The annual Mission Festival of the Peace Evangelical Lutheran Church at Wilmot will be held this coming Sunday, Prof. E. Wendland of the Northwestern College at Watertown will conduct the morning services in German at ten o'clock.

English services by Rev. A. J. Schultz of Watertown are scheduled for 2:30 in the afternoon and again at eight in the evening when Rev. W. K. Pifer, of the Bethany church in Kenosha, is to preach.

A chicken dinner open to the public will be served in the Lutheran hall at noon by the ladies of the church and the public is invited.

Singing at the morning and afternoon services will be by the Concordia quartette from Racine and the home choir will sing at the evening service.

All the members of the seventh grade class under Miss Virginia Rowe in the Wilmot graded school successfully passed the Kenosha county examinations given in geography, reading and agriculture.

Eunice Stoen underwent a tonsillectomy, and Junior Stoen a nose operation at the office of Dr. Frank Bennett in Burlington last Thursday.

Mrs. J. Leach and son, of Burlington, spent Sunday afternoon with Mr. and Mrs. H. McDougall.

CORN EARWORM CONTROL

A record of 95% clean crop of sweet corn

THE "star-boarder" devours the production of thousands of acres of American corn, and like some of our debtor nations doesn't leave even a token or a "much obliged" in return.

To be more specific, the U. S. Department of Agriculture estimates that the corn earworm, also known as the cotton boll-worm and the false bud-worm of tobacco, inflicts a loss of \$40,000,000 to field corn. Damage to sweet corn is proportionately greater and reaches high into the millions every year.

And the worst of it is that all this waste is unnecessary, declares the National Industries News Service after an investigation covering the Department at Washington and extending into "causes and cures" as shown in several States.

The Agricultural Department says of causes: "The first damage to corn is caused by the worm boring into the bud and eating down into the tender leaves as they unfold. From then on, the insect proceeds on its journey of destruction laying waste the tender varieties of sweet corn. The earworms sometimes eat completely to the base of the ear and almost destroy it."

Once upon a time there was no "cure" and the public became accustomed to the damaged corn, and even expected to find worms that were revealed when the husks were pushed back. In this their expectations are still too frequently met. But according to E. B. Alvord, a distinguished authority upon chemistry in agriculture, the non-arsenic compound of barium fluo-

silicate, which all county agents are familiar with, is an effective control of the corn earworm. He has explained the extensive tests that attracted attention in Indiana, Washington, Florida, and elsewhere which he says produced a record in some cases of ninety-five per cent clean crop of sweet corn.

Cure Control of the corn earworm is secured by dusting barium fluosilicate lightly on the silks as they first appear. The frequency of application depends upon the recurrence of infestation. Application at the start should be about a week apart. Later on in the season, depending upon conditions, applications can be made at periods of two weeks.

In dusting sweet corn, particular attention should be given to applying the barium fluosilicate to the silks as it is at this place that a large percentage of the eggs are laid. Care must be taken not to apply an overdose to the silks because they are very tender and easily injured. There is no need to attempt to cover the entire stalk.

On sweet corn, there is no residue problem because the corn is "husked" and such parts as could carry any poison are removed in the preparation of the ears for eating.

There is a lot of discussion going on nowadays concerning what to do with our great American corn crop. Evidently the most sensible step in that direction is: Kill the worms and save the corn.

Mr. and Mrs. E. C. Austin and Prudence and Joyce Austin from Richmond were Sunday guests of Mr. and Mrs. Lyle Pacey.

Mr. and Mrs. John Nett, Benjamin Nett, James, Irving and Grace Carey and Mrs. J. A. Nolan, of Oak Park attended the funeral of Mrs. Paul

Bonslett at McHenry on Thursday morning.

Miss Julia Runkel, Mrs. A. Bevo, Chicago; Mr. and Mrs. B. Medley and son, Basil, of Milwaukee, and Mr.

and Mrs. Newton Newberry of High Street were visitors Sunday with Miss Sophia Runkel.

Miss Simons Makes Plans for Monday's Star Friends' Night

"Friend's Night," one of several important occasions annually observed by the Antioch Chapter of the Order of Eastern Star, will be held next Monday evening at the Masonic Hall. It has been announced by officers of the organization.

Arrangements for the evening have been placed in the hands of Louise Simons, associate matron, by Malinda Buschman, worthy matron, who will not attend the meeting. Mrs. Jennie Duell, worthy matron of Sorosis Chapter, Grayslake, will be guest of honor at the meeting.

Elsie Vycital, worthy matron of the McHenry chapter, has been invited by Miss Buschman to sit in the East that night. Frances Vycital, associate matron of McHenry, will assume Miss Simons' office. S. E. Pollock will be the friend patron of the evening, at the invitation of O. E. Hachmeister, and William Anderson will take the associate patron's chair in place of Robert Wilton.

Decorations of the hall for that evening is in the hands of a committee headed by Mrs. Robert Wilton, and Mrs. W. C. Petty heads the committee for refreshments. The initiates that evening will be Mr. and Mrs. G. A. Whitmore. Guests from the chapters of surrounding towns in addition to local members are expected to give the meeting a large attendance.

MESDAMES BACON AND NELSON ASSIST MRS. OSMOND

Mrs. George Bacon and Mrs. Lester Nelson assisted Mrs. William Osmond in entertaining for the card party benefit sponsored by the Guild of St. Ignatius Church last Wednesday afternoon at the Osmond home. Forty guests attended the party.

The Guild series of party benefits will continue next Wednesday afternoon when Mrs. C. J. Heinzelman will entertain at her home at Cross Lake. The public is invited to these parties.

MRS. RIES ENTERTAINS CHILDREN AT LAWN PARTY

Mrs. Sam Ries entertained twelve children last Tuesday at a lawn party in celebration of the second birthday of her daughter, Marilyn Joan. Bunco was played during the afternoon with Dotty Peterson, Edna May Van Patten and Jean McCullie winning the prizes. At five o'clock Mrs. Ries served ice cream with a birthday cake. Marilyn received many gifts from her friends.

MRS. WHITFIELD HAS LUNCHEON AT LAKE

Mrs. Frank Whitfield entertained six friends from Beverly Hills, Chicago, at lunch Wednesday. Bridge was played during the afternoon.

Cedar Crest Will Stage Walkathon Within Two Weeks

A "League of Nations" Walkathon, is to be staged at the Cedar Crest Tavern, across from the Cedar Crest Country Club, within the next two weeks, according to Frankie Ward, master of ceremonies from Chicago, who has been appointed manager and master of ceremonies at Cedar Crest.

All applicants, regardless of race will be accepted for the contest, according to Mr. Ward, who states that the only requirement is that the contestants pass a physical examination given by a local doctor.

Forty-five minute walking periods followed by fifteen minute periods of rest, will constitute the 24-hour schedule of the contestants. Showers and 100 cots for their convenience will be installed, according to the manager. Seven minutes of medical attention are allowed contestants during the walking period.

Special food will be cooked for the contestants who will be required to adhere to a strict diet. Special nurses and doctors will be maintained at the Tavern during all hours. Orchestras will furnish music for the contest entrants at all times.

For the entertainment of guests at the Cedar Crest Tavern, a 24 hour show will be staged during the Walkathon, which will continue for 3 weeks to 3 months. Professional vaudeville acts are scheduled to appear during that time and races will be staged on the dance floor.

This is believed by Mr. Ward to be the first Walkathon to be held in this locality. The announcement of the date will be made in the near future.

CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 30.

The Golden Text was, "Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains: for the Lord hath comforted his people, and will have mercy upon his afflicted" (Isaiah 49:13).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "People go into ecstasies over the sense of a corporeal Jehovah, though with scarcely a spark of love in their hearts; yet God is Love, and without Love, God, immortality cannot appear" (p. 312).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "People go into ecstasies over the sense of a corporeal Jehovah, though with scarcely a spark of love in their hearts; yet God is Love, and without Love, God, immortality cannot appear" (p. 312).

GET OUR PRICES

WE DO OUR PART

National Tea Co. is enrolled under the Blue Eagle standard of President Roosevelt's National Recovery Plan, operating under a CODE OF FAIR COMPETITION FOR THE FOOD AND GROCERY DISTRIBUTORS industry established under the National Industrial Recovery Act.

In enthusiastic support of President Roosevelt's National Recovery Plan, which has for its objectives the placing of men and women to work, establishing a minimum compensation for their labor, and a maximum hour week of employment; as well as seeking to establish a proper basic price to the farmer for the products produced, the officials of the National Tea Co. enthusiastically endorse this program, and are co-operating in every way possible toward bringing about its success.

Together with others in the food and grocery distribution industry in this community the National Tea Co. takes its place in the compliance of the provisions of this CODE OF FAIR COMPETITION in a patriotic spirit, and asks its employees, as well as its many friends among the consuming public to join together in this sincere effort to live up to the spirit, as well as the wording of the code under the Blue Eagle, so that as rapidly as all industry can adjust itself to the new plan that all of our people and fellow citizens may again have the privilege of following their vocation, enabling them to earn a livelihood for themselves and family. The plan can be made a success by whole-hearted co-operation. We will do our part toward that end.

August 1, 1933

NATIONAL TEA CO. FOOD STORES

Antioch Auxiliary Honored With Two District Office

Two Antioch members of the Legion Auxiliary were elected to district offices in the annual meeting held Wednesday night at North Chicago, at which representatives from eleven units were present.

Mrs. George Garland, who was re-elected to serve as district historian for the second term, and Mrs. Paul Chase, chosen alternate director, were the members chosen. The choice of two officers from this unit is considered a decided honor, especially since the Antioch organization is one of the youngest and smallest in the district.

Mrs. Ethel Hook of Grayslake was chosen district director, and the other officers as follows: Mrs. Ellen Smith, Libertyville, chaplain; Mrs. McCartney, North Chicago, sergeant-at-arms.

Antioch women attending the meeting were: Mrs. Henry Reinke, Mrs. Paul Chase, Mrs. Harry Radtke, Mrs. Walter Hill, and Mrs. George Garland.

Watch for my Opportunity Sale Saturday, August 12. Chase Webb.

Merchants Win Two, Lose One in Week-End Games With Strong Teams

Antioch's Merchants won two victories and lost a game in the contests of this last week-end with the Crema-Malt team of Fox Lake and the Spring Grove Brewers.

A 6-4 score, favoring the local Merchants, was chalked up in the sixth inning when the game was discontinued, Sunday, against the Crema-Malt team which has defeated the Nick Keller group of Waukegan and is considered one of the strongest teams in this locality.

Sheehan pitched excellent ball in this game, backed up by an airtight infield. A home run was made by Willett in the second with one man on base.

In last Friday's game, played on the Naber diamond, Spring Grove lost to the Merchants, 6-3. Only 4 hits were allowed in this game by Mastine, Antioch pitcher, who had excellent field support.

Spring Grove took the Merchants for a fall the following Tuesday, defeating them 12-0. Only five of the Merchant regular played in this game, the other players being picked up among the spectators. The game was played at Spring Grove.

Dress Shoes from \$3.50 up. Chase Webb.

Mrs. Maude Savage Buried at Gurnee

Mrs. Maude Crittenden Savage, 61 years old, who died following a year's illness, was buried last week at the Warren Cemetery at Gurnee. A resident of Antioch township during her girlhood, Mrs. Savage was making her home in Waukegan at the time of her death. She is a sister-in-law of Mrs. Sol La Plant and Mrs. James Atwell and will be remembered in this locality by many friends.

Hortons Surprised by Guests on Forty-Ninth Wedding Anniversary

Relatives and friends gathered last Sunday at the Murray Horton home to celebrate the forty-ninth anniversary of Mr. and Mrs. Horton. The couple were completely surprised by their guests who came for a pot-luck dinner and later played cards and indoor ball.

Those who were present at the celebration were Mr. and Mrs. A. H. Kummerow and Ella Ray, Mr. and Mrs. Howard Christensen and children, Jane and Howard, Mr. and Mrs. Harry Nathans, all of Chicago; Mr. and Mrs. Willis Taylor and son, Donald of Racine, Wis., Mr. and Mrs. Gilbert Hartnell of Kenosha; Joyce and Richard Wicks of Kenosha; Mr. and Mrs. Edgar Reed (Mr. and Mrs. Albert Horton, Mr. and Mrs. Henry Horton, of Grayslake; Mr. and Mrs. Emil Risch, and Bernice and

Robert, Mr. and Mrs. Barney Nave-lier and daughter, Jennie, Mr. and Mrs. Earl Horton and Helen, Robert and Eleanor, J. M. Jensen, Mr. and Mrs. Edward Jensen and Edward, Jr., Mr. and Mrs. J. E. Horton and Virgil and Gertrude, all of Antioch; and Mr. and Mrs. Eldon Horton and Robert and Eileen, Mr. and Mrs. Russell Horton and Leroy, and William Horton of Pleasant Prairie.

Mr. and Mrs. Horton were married in Antioch and have lived here all but one year of the forty-nine. They have two children, Mrs. Emil Risch and Earl Horton.

Small Books
Among the smallest books is the 77-page, illustrated Schloss English Almanac presented to the public museum at Oshkosh, Wis., by Mrs. W. W. Waterhouse. It is a half-inch wide, seven-eighths of an inch long and one-eighth of an inch thick. It was printed in 1842.

Trevor People Pay Visit to Lotus Beds

Threshing Starts in Locality—Started on Monday

Mrs. Charles Oetting, son, Alfred, and friend, Miss Edith Zarnestorf, of Richmond, visited the lotus bed at Grass Lake, Thursday afternoon.

Threshing of grain in this vicinity commenced Monday morning.

Mr. and Mrs. George Patrick, Milton Patrick and Mrs. Bird Jackson attended the Drom reunion at the Wallace Drom home near Antioch on Sunday. (Mrs. Jackson returned to Chicago with her niece, Mrs. Will Bridgen.

A number from this locality attended the chicken dinner and supper at the Holy Name church near Wilmet on Sunday.

Mr. and Mrs. Charley Oetting were Kenosha callers Tuesday.

Ben Wurks, Fond du Lac, Wis., was a business caller in Trevor, Wednesday.

Among the shoppers in Kenosha Wednesday were Mrs. Ed Mutz, Mrs. Pete Schumacher, Mr. and Mrs. D. A. McKay, Miss Ruth Thornton, Mrs. Fred Forster, Mrs. Harry Lubbo, Mrs. Phil Lavendock and daughters, Mrs. Lee Barbette and Lucie, Mrs. John Gever, Miss Evelyn Meyer and the Misses Eva, Nina and Marie Marks.

Miss Emma Mencke, Chicago, visited her cousin, Mrs. Fred Forster, and family, Thursday.

Mrs. Charey Runyard accompanied Mrs. Daniel Longman, to Antioch Wednesday evening where they attended the bazaar and supper at the Methodist church.

Mrs. Bird Jackson, Pichard, Okla., spent the past week with her cousins, the Patrick families.

Mrs. Daisy Mcke visited Mrs. Hans Dietrich, Twin Lakes, Thursday and Thursday night.

Mrs. Wilm Evans and daughter, Marguerite, Mrs. Alice Terpling and Miss Sarah Patrick visited Miss Flora Orvis, Pleasant Prairie, on Wednesday afternoon.

Mrs. Pearl Lindgren, North Chicago, was a Trevor caller Saturday. Lew Mitchell, who has been conducting auction sales of pigs on Friday, has been obliged to discontinue on account of ill health.

Mr. Campouse and Hiram Patrick, Burlington, attended the auction sale

Twin Lakes Personals

Bud Hyer, of Darien, is spending this week at the home of Mr. and Mrs. L. R. Winters.

Edgar Greiner, of Kenosha, who has a summer home at Twin Lakes, and his house guest, Guilford Hagmann, of the University of Wisconsin, spent an enjoyable week-end fishing on Lake Marie.

Leo Hoefle, Jr., of Chicago, was operated on for appendicitis at St. Anne's hospital Tuesday.

Mr. and Mrs. Alfred Engstrom and daughter, Jeanette, of Chicago, and Mrs. George C. LaFaver, of Los Angeles, have returned to their homes after having spent their vacations at Twin Lakes. They occupied one of the Burmeister cottages.

John Craughwell and Lee Lauterbach, of Joliet, will spend their vacation at Twin Lakes this month.

Charles Thumm, of Chicago, is a guest in the home of his grandparents, Mr. and Mrs. F. W. Laubinger, at their Twin Lakes summer home. Mr. Thumm, who was recently graduated from a Boston college, spent several weeks touring the east before coming here.

Mr. and Mrs. Leslie Fuller and small daughter, Arlene, Mr. and Mrs. Herbert Litzen and daughter, Marilyn, and Mrs. Paul C. Brown, daughter, Marilyn, and Mrs. John

of homes and cows at the stock yards on Friday afternoon.

Miss Myrtle Mickle was a Richmond visitor Saturday.

Champ Parham returned home Sunday after spending a week at Memorial hospital, Burlington, recovering from an appendix operation.

Violet Wlenke, Pleasant Prairie, is spending an indefinite visit with Mrs. Willis Sheen.

Miss Gertrude Copper accompanied the Dexter family of Salem to Niles, Mich., on Saturday, where she is receiving treatment for her eyes.

Robert Bittner, Chicago, spent the past week with his cousin, Irene Ernie.

Miss Mildred Zach, Chicago, spent three days of the past week with her cousins, the Misses Evelyn and Mildred Zmerly.

Sunday visitors at the Anna Zmerly home were her mother, Mrs. Anna Nemeczek, brother and wife, Mr. and Mrs. L. Nemeczek and daughter and sister, Mrs. Laura Macek and two sons.

Beirwalds were visitors in Chicago and Berwyn Wednesday. Mrs. Beirwalds remained for a few days.

Mr. and Mrs. Maxwell B. Addy, all of Chicago, spent Friday at the Twin Lakes Manor Inn.

Mrs. McDermitt was a recent hostess to friends from Winnipeg, Canada.

Mr. and Mrs. Frank Zerfas, Rose and Dan, and Mrs. McDermitt spent Tuesday in Kenosha.

Mr. and Mrs. Judson Williams, of Madison, were recent visitors in the Frank Zerfas home.

Miss Evelyn Forbes, of Chicago, was a guest of Rose Zerfas this week.

Mrs. Joseph Mackarski, who has a cottage in the Horseshoe subdivision, recently entertained Dr. Stella F. Karson, of Buffalo, N. Y., and Mrs. Cieslah and her daughter, Joan, of Chicago.

Mr. and Mrs. Joseph Wirth, Jr., and Tom Wirth, of Chicago, were guests of Louis Theuer at the Manor Inn Thursday.

Guests of Mr. and Mrs. C. J. B. Wronski at the Cedarshore park this week included Mrs. N. Chmielinski, Mrs. Martha Ciemiecke, Mrs. Frank Letzke, and Mrs. A. I. Jablonski, all of Chicago.

Mr. and Mrs. Joseph Bensfield, of North Riverside, Ill., have just concluded a visit with the Wronskis.

Mr. and Mrs. H. C. Johnson, of Chicago, will spend the remainder of the summer season at Twin Lakes.

Frances Bartusch and Millie Bejfer, who have been guests at the Manor Inn for the last two weeks, have returned to their homes in Chicago.

Harold Stone and Harold Jensen, of Woodstock, were recent Twin Lakes visitors.

Carl Kackarski spent the week-end at his cottage in the Horseshoe subdivision.

Mr. and Mrs. L. R. Winters were Darien callers Sunday evening.

Mrs. Wesley Redlin and family called at the home of Mr. and Mrs. Louis Koehn, Powers Lake, Sunday.

Mr. and Mrs. Louis Buehler and son, Richard, of Wauwatosa, spent Sunday at the home of Mr. and Mrs. George Madsen.

Mrs. Herman Fox was a caller at the home of Mr. and Mrs. John Moeller Sunday.

Little Doris Cummings entertained the following children Friday afternoon in honor of her sixth birthday: Donabelle and Margarita Wang,

Dorothy Englehardt, Anna Marie and Catherine Carey, Ruth Richter, Jeanette and Delores Feisel, and John and Jerry Bernhoff. The color scheme of green and white was very attractively carried out. The guests spent the afternoon in playing games, and later each was presented with a prize. A delicious lunch was served at five o'clock, and as the boys and girls left, they all wished Doris many more happy birthdays.

Mrs. John Moeller entertained Mr. and Mrs. Ollie Hill and children, Tommy, Gloria, and Ardye Jean, of Walworth, Thursday night.

Mr. and Mrs. Frank Westland and family, of Kenosha, spent their vacation at Twin Lakes last week.

Mr. and Mrs. Paul C. Englehardt and daughters, Florence and Dorothy, returned to Chicago Sunday evening for a two week's visit. While there, they intend to see the Century of Progress.

Mr. and Mrs. Martin Sund spent the week-end at their summer home. Wally Chase and Miss Mabel Madsen were Muskego Beach visitors Wednesday evening.

Mrs. John Moeller and daughter, Anita, and the Misses Audrey West, Frances Wang, Frances Cummings, and Mabel Madsen attended a birthday party given by Chester Marzahl at his home in Hebron Tuesday evening.

Frank Feiler, of Chicago, spent a few days last week at the home of Mr. and Mrs. Nick Lishka.

Mr. and Mrs. J. Capaross and family, who are staying at a cottage on Lake Elizabeth, were callers at the home of Mr. and Mrs. Nick Lishka Saturday.

Miss Dolores Neuman, of Slades Corners, is spending a few days with Mr. and Mrs. Walter Rieman and family.

Mr. and Mrs. Ben Neuman and children, Edna, Janet, and Carl, and Ronnie Neuman, of Kenosha, spent Sunday at the home of Mr. and Mrs. Joe Merten at Lake George.

Mrs. M. Bartusch, of Chicago, was a recent visitor of her daughter, Frances, who is vacationing at the Manor Inn. She was accompanied by Mrs. A. Beirwalds, Mrs. J. Beirwalds, J. Sommers, and Millie Rejfer.

Pleasant Prairie
Mrs. Bert Johnson and sons, Mrs. Arthur Johnson, Linnea and Robert Westman, visited Wednesday with Anna Dorsey.

J. C. Katzenberger Farm Is Model Place Beautifully Situated on the North Shore of Powers Lake

Horses, Cows, and Birds Lend Peaceful, Happy Tone to Atmosphere

LANDSCAPING SIMPLE, BUT DIGNIFIED

A visit to most any farm in southern Wisconsin would be a pleasure, but a half hour spent at the country home of J. C. Katzenberger, on the north shore of Powers Lake, was a particular pleasure, for it's one of the most beautifully situated model farms at this resort.

It was milking time and twenty-two fine looking Holstein cows were just making their way into the barn. One of the horses was spending a great deal of time looking around as he stood at the water tank. A few swallows and then a long look over the landscape. He liked it right well.

A robin perched in a tree a few feet away and announced that in the absence of an orchestra he would provide a vocal number, which he did and responded to an encore.

Entrance, Hospitable

The entrance to the Katzenberger farm, which is being efficiently managed by Mr. and Mrs. Jack Zenner, is clean, dignified, and hospitable and there are an abundance of well-grown choice and companionable trees to the right. As the writer stood on the lawn gazing at these, rows of city houses came to mind and the thought that man was never intended to live out of relation with nature. What if those who do live in them have all kinds of artificial luxury, they are being deprived of the very best that God prepares for us to enjoy.

With a maximum of utility, plus a maximum of beauty embodied in its architecture and interior arrangement, the little home is a real acquisition—human and homeful. The kitchen is the brightest and homeliest room in the whole house. Here Mrs. Zenner discovers and invents those marvelous concoctions which create good temper as well as good digesting.

Boiled Potatoes With Butter—um!

The dining room is social and

cheery. Very light, almost sunny. Furnished with flowers, not to conceal the grossness of food, however, for the Zenners do enjoy and are proud of their boiled potatoes "dried off," cracked open, floury and sweet with a touch of golden butter. That is better, they aver, than all the nightingale's tongues of Heliozabolus. Here's where this young housewife tests comparatively and scientifically the quality of the new beans and corn and cauliflower.

In the evening when the day's work is done Mrs. Zenner and her husband, together with their friends, go to the living room, the heart of the home to listen to the radio or have a game of cards. Here's where the family spirit is kept alive and the oneness of the household is retained.

Work and Play

The Zenners work and play, play and work, as do all folk on the acres. Sometimes the sun is almost unbearably hot and the rain pounding, but that's all forgotten when the birds start singing in concert and the bees humming.

The amount of joy gotten out of a few acres is amazing. The cows on the Katzenberger farm, due, perhaps to the fact that they are unusually contented, have more ways of expressing a joyous goodwill than any human being. On earth, Bossy rubs her head against your arm and asks you to scratch her neck. Pussy, whom Mr. Zenner calls "one of the three nuisances on the farm," comes to you for a little affection, and chirping birds hop about the trees.

Fear is banished out there. The struggle for existence passes largely into a generous co-operation for the common good, in an environment where one just can't help forgetting his troubles.

Mr. and Mrs. George Roepke were in Chicago on business Monday.

Mrs. Henry Romanoff and daughter, Gloria, spent a few days of last week at their home in Chicago.

Mr. and Mrs. John Bernhoff and sons, Johnny and Jerry, were visiting at the homes of Mr. and Mrs. F. Cohen and Mr. and Mrs. O. Johnson at Richmond Sunday afternoon.

RICHMOND MAN INSTALLS COOLING SYSTEM IN SHOP

**A. R. Anderson Realizes
Long-Awaited Condi-
tioning Arrangement**

The completion this week of an insulated and refrigerated conditioning arrangement in the Anderson candy shop, widely known Richmond confectionery, is one more definite stride forward in the business accomplishments of A. R. Anderson, owner and proprietor.

Thermostatic controlled and modern in each of its other details, this system corresponds very favorably with those found in the large shops of the metropolitan cities of the country.

Due to the large volume of trade he enjoys during the summer months, Mr. Anderson has felt the need of this improvement for a long time, an improvement which will make his candy even more saleable than it was before, and which will eventually be extended to the show cases in the sales room. "We'd Rather Lose the Sale Than Have You Lose the Freshness" is the slogan by which Anderson is guided in both the manufacture and sale of his sweets.

THIRTY YEARS IN BUSINESS

For the last thirty years Mr. Anderson has been identified with the candy making business, having been connected with such well known firms as the Gunthers and John Kranz company of Chicago. Since 1919, he has been in business for himself, the last eight years of which have been spent in Richmond.

The candy shop, for many reasons, among which are the geniality of the proprietor and his wife and the inviting atmosphere of the shop itself, has become a mecca for tourists and resort residents alike—a place where they may come, bring their friends, and enjoy delicious candies, beverages, and ice cream, sweets and drinks that call for a pause of appreciation.

Driver Killed When Car Goes Off Bridge

An accident in which Jim Smoly, 21 years old, of Waukegan was killed, occurred Wednesday noon at Wilmot across from the Carl Schultz Garage, when the gravel truck driven by Smoly plunged off the highway bridge, becoming wedged between that and the footbridge.

No reason could be given for the accident. Mr. Schultz who witnessed the truck's crash from the highway, said the car was moving at a moderate rate of speed, and there was nothing in the road to obstruct its progress. It is believed that the driver was suddenly taken sick or that a flat tire or similar handicap made him lose control of the car.

Red Cross Guards Patrol Twin Lakes Club Bathing Beach

That they can take a swim in perfect contentment, whether they be champion divers or not is assured Twin Lakes residents and vacationists since the inauguration of the water patrol system on the Commodore Barry beach.

The two Red Cross guards who are now serving are Tom Sullivan and Dan Mooney (Both are Swedes), and former members of the Illinois Swimming team.

Architecture Makes Pasadena One of the Most Beautiful Taverns

Pasadena Gardens, with its Spanish style of architecture and its delightful and tasteful scheme of interior decoration, is a cool and inviting place to go of an evening to eat, drink and dance.

Music for this diversion on Saturday nights is furnished by a lively five-piece orchestra.

Pasadena Gardens is located one mile north of Antioch on highway 83 and is operated by Bruno Rajewski.

Yesterdays

Taken from The Antioch News,
July 30, 1933

Postoffice inspectors are, it is said, going over rural routes in several places in the state, making thorough inspection of all routes with a view of discontinuing them where the people take no interest in keeping up the roads, believing that the service is not appreciated on such routes. The officials declare that the rural free delivery is a great convenience to the farmer and he should appreciate the service enough to drag the roads and keep them in repair.

On Saturday last, for the first time in its history, the smoke ordinance was suspended in Zion City, and the members of Battery A of Danville, who had been invited to visit the place, were allowed to smoke anything from a stogie to a meerschaum unmolested.

Hundreds of advertisers have found The Antioch News classified columns profitable—you, will, too—inexpensive, effective.

There will be a free dance at Selter's summer resort at Grass Lake on Saturday evening. A Chicago orchestra will furnish the music and a good time is assured.

The dog and pony show at Russell was a treat to the people of that village. It has been learned that a medicine show is nearing neighboring villages.

Taken from the Antioch News,
Aug. 1, 1933

Beginning today, our sugar rations are very likely to be reduced and up a cent. That is, housewives will now be allowed but two pounds a month for each member of the family and will pay a cent a pound more.

Tuesday, Ernest Lehmann of Sand Lake, transferred to his mother, Mrs. Augusta Lehmann, title to all of his property at Sand Lake.

A new and higher flag pole has been erected in the M. E. churchyard and the one taken from there is being erected on the grade school grounds.

Last night, Wednesday, was mov-

ing time for the Masons. By the assistance of the brethren their belongings were transferred into their permanent home which has just been completed and hereafter all Masonic and Eastern Star meetings will be held in the place formerly known as the Bruckner building but now the property of the Antioch Masonic Temple Association.

Mr. Shepard and Mr. Stasshelm of the Milk Products Co. of Chicago were in Wilmot on business Saturday and Sunday. The factory stockholders here are to build a large drying room, for use in cheese making, during the coming month.

Mr. and Mrs. New, who have been at Alendale farm for sometime, Mr. New as farm superintendent and Mrs. New as teacher, have resigned and accepted positions near Louisville.

Mrs. William Smart was the victim of a very pleasant surprise party Tuesday in honor of her birthday anniversary. She was prepared to have a few friends meet at her home to the quilts for the Episcopal Guild but she was not prepared for the twenty-five guests who stepped in for a

social game of cards. When she became aware of the trick that had been played upon her, she informed them that the joke was not on her, that someone had figured wrong, for her birthday was not until the following day.

Ky.

Dr. Darby of Wilmot motored out from Kenosha Sunday and spent the day at his home. He takes over the practice of Dr. Robinson of Kenosha on August 1, including all of his X-ray work.

Taken from The Antioch News,
Aug. 2, 1933

The cement road north of town is now open to the public as far north as Culver's Corner.

A miscellaneous shower was given Wednesday, July 25, at the home of Mrs. Charles Herman, for Miss Pearl Trieger, one of Grass Lake's popular young ladies. The affair was a complete surprise to Miss Trieger. As the invited guests arrived, they were entertained at 500 in the log cabin, a picturesque place for such an affair. Prizes were awarded to Mrs. Arthur

Bock and a consolation prize to Mrs. B. Trieger. The hostesses were Mrs. Herman, Mrs. Robert Selter, Mrs. James Hanrahan, Mrs. Gus Trieger and Mrs. A. Pesat, Sr.

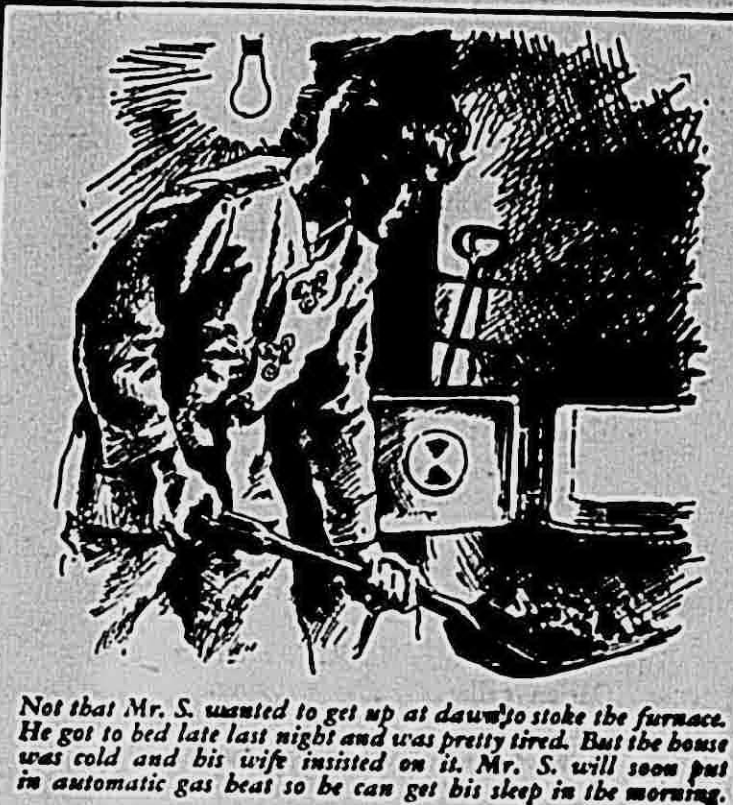

Mildred La Plant and a group of friends motored to Racine Monday night. The other girls are from the State Women's College at Jacksonville, Ill., and the University of Illinois at Urbana.

The Jacob Drom family motored to Milwaukee Sunday where they spent the day with their daughter and family. They all took their lunch and went to the park.

Walter Chinn, erected three self-erecting wind mills last week for Frank Kennedy, Ted Gittings and Chris Fiddler.

Several business men of Lake Villa are interested in the McAdam linen gin and plans are being made for the location of a plant here providing that enough flax can be grown to make it pay. It looks like a good proposition and several made a trip to Libertyville Monday evening for a demonstration.

A smaller room in most any home that doesn't have automatic gas heat. Dad was up at four a. m. to stoke the furnace. It's 8:00 now and the house is still cold. Why not install gas heat and end this discomfort. May avoid sickness, too.

Not that Mr. S. wanted to get up at dawn to stoke the furnace. He got to bed late last night and was pretty tired. But the house was cold and his wife insisted on it. Mr. S. will soon put in automatic gas heat so he can get his sleep in the morning.

Gas heat makes it possible for the children to have a recreation room in the basement. It's a big room, and it saves the upstairs room for Mrs. S.

New . . . Low Cost GAS HEAT

installed at our expense . . . removed
at our expense if you don't like it

No other fuel ever made such an offer!

YOU INVEST NOTHING!

Without one cent of investment by you, we install the most modern gas burner in your furnace or boiler. If you are satisfied it stays. If not—and you are the sole judge—out it comes and your former heating method is re-installed—AT OUR EXPENSE. No other fuel for house-heating dares make such an offer.

LOOK into the new low gas rates now—before you spend a penny for your winter's fuel. For the cost of gas heat—the heat you have always wanted—has been reduced to less than half the 1930-31 rate!

Think of it—when you use gas for home-heating, a single match lights your furnace in the Fall. A turn of your finger extinguishes it in the Spring.

Home-heating with gas eliminates days and nights of back-breaking coal shoveling . . . dirty hours of hauling ashes . . . weeks of seasonal house cleaning . . . replacing grime-smudged cur-

Mr. E's pet peeve—hauling out the pipes after a freeze-up. No water-late for the office. Too bad Mr. E. doesn't put in gas heat and avoid all this trouble.

tains . . . slaving to clean soot-streaked walls. You save the wear and tear and expense of reconditioning your home and its furnishings.

A servant that never sleeps

Gas is the clean, healthful, only truly automatic fuel. No longer need you trudge the cellar stairs . . . soiling your clothes cutting kindling . . . starting fires . . . stoking the furnace . . . hauling the ashes . . . scrubbing smudge spots from the cellar and the rest of the house . . . inhaling dust and soot.

Gas is the only fuel that is not delivered on your premises by grimy or black, dusty methods. When gas is piped into your furnace or boiler room you are freed of all care, worry, grime and dust.

Let gas sell itself

Tell us you want to try gas-heating. Using your present heating apparatus, we will install the necessary equipment within four or five hours—ENTIRELY AT OUR EXPENSE. If at any time during the first year you are not content, we will remove the equipment—WITHOUT FURTHER

Mrs. H. doesn't like the odor from the furnace and Mr. H. doesn't like to freeze. The H's wouldn't risk these little family arguments if they had clean odorless gas heat.

Too late—the damage is done. A big rut in Mr. D's lawn where the fuel truck missed the snow covered drive. They don't deliver gas in trucks Mr. D.—you'd better look into it.

EXPENSE TO YOU—and replace your former heating equipment in as good or better condition than it was the day we removed it. And anytime during the first year means during the first, second, twelfth or any other month.

During the nine heating months of the first year you pay only \$3 a month rental on the equipment we install in the average home—you pay nothing during the three summer months, when the heating system is idle. This rental charge will be sent along with your bill for the gas you use. But if, anytime during the first year, you are not satisfied with gas-heating, all you do is order it out. Out it goes. And rental stops immediately.

It is a daring offer. No form of fuel used through the centuries has ever dared match it. That is because only gas has the confidence of perfection. Yes—there is a "new deal" in home-heating—a new deal in cost—comfort—convenience—health and happiness.

Fashion Notes
RecipesOf Interest To
WOMENHousehold
HintsSIMPLICITY IS
REQUIREMENT FOR
INTERIOR BEAUTYSymmetry and Harmony
Are Also Basic Rules
in Decoration

The test of a well furnished room is its restfulness to the eye and the comfort it offers its occupants. Rooms intended to be lived in, should first of all be liveable, and in keeping with the habits and mode of living of the occupants.

Symmetry and simplicity and harmony of color are three basic rules to be followed in interior decoration. The room which is poorly balanced, cluttered with furniture and bric-a-brac and with colors which clash, is neither restful nor comfortable.

Few of us are totally unaffected by our daily surroundings. The effect of household interiors on our personalities, dispositions, and general health has been observed only in recent years. Children, it is claimed, can be made highly nervous and irritable by rooms decorated in certain colors and by a haphazard arrangement of the furniture.

Homes which offer neither peace nor inspiration in their arrangement exist in an amazing abundance. Cluttered flats filled with bric-a-brac, bungalows in which the colors vie with each other for attention, two story houses in which the furniture has so filled the space that there is none left for the occupants, are not rarities to any of us.

But what makes homes so singularly unattractive, what makes them so oppressive that we sigh with relief Collecting Fad when we have left them, is revealed only on analysis.

The trouble with so many homes is that so many women take up collecting on a small scale in a purely amateur way. Objects and furnishings accumulate, furniture is moved closer together to make room for still more furniture, the tables and stands become loaded down with their scores of vases, and ash trays and art novelties.

Nothing should be bought for the home which has not satisfied the requirements of appropriateness, service, and harmony with the other furnishings. In considering the first of these three, any addition to the furnishings of your home, or the purchase of the original furnishings, should be in keeping with the general tone of your home. That tone is determined by the house itself, the habits and nature of your family, and your income. To illustrate the importance which "tone" has in the decoration of a home, an elegant piece of furniture, beautifully tapestried, may be charming in an elegant house. But placed in the living room of a small cottage or informal bungalow, it becomes ludicrous and loses all beauty.

Again, white and light colored furniture blends beautifully with the modern scheme of decoration, but in a home where the furniture will be used by children, or where because of the heating plant or the area in which the home is located, considerable grime and soot are likely to come in contact with the furniture, it is not a wise choice.

Lean Toward Simplicity
With one's furniture as in dress, it is best to lean heavily on the side of simplicity, rather than to be over-elaborate. Few homes which are the living quarters of the middle class family, can be suitably furnished with Louis XIV period furniture, with heavy silken drapes, delicate woods and fragile trappings.

Choosing from the angle of serviceability, does not necessarily imply that there can be nothing in the home which is not essential and in constant use. Articles of furnishing can be utilized as decorations as well as for more obvious purposes. But to buy decorative furnishings, merely because they look decorative in the shop or store, is folly.

Art novelties, lamps, colorful pieces of pottery and exquisite glassware, will add grace to many a room if carefully chosen, but they should be bought to fill an empty spot which needs filling. This cluttering a room with pottery and pewter and glass novelties, gathered here and there, may have charm for the collector, but it has none for those who view the results shunted together in a bewildering accumulation on tables and whatnots, and in every corner.

Harmony of furnishings is closely related to suitability, but it is more exacting, requiring that the line and color and texture conform to the room and be artistically adaptable

DRESSING UP
THE SPINACH

By BARBARA B. BROOKS

We all know that spinach is among the most healthful of foods and that it should appear frequently on every wisely planned menu. The fact remains, however, that in almost every family there are those who do not

like it and can be persuaded to eat it only with difficulty, if at all. Here is a suggestion for a spinach dish that is really delicious. It has been known to turn the most hardened scoffers at this wholesome vegetable into lasting spinach enthusiasts.

Buttered Corn Flake Spinach
1 pound spinach 3 tablespoons butter
1/2 teaspoon salt 1 cup corn flakes

Cook the spinach in a small amount of boiling water. Drain. Add salt. Cut or chop fine. Melt butter in a skillet and add corn flakes. Stir until each flake is well buttered. Place spinach in a casserole dish, spread buttered corn flakes over the top, and serve.

with the color scheme and general plan of decoration. Harmony of color should be maintained even to the smallest pieces in the room. This does not particularly mean that no new color may be introduced for contrast and variety, but simply, that all colors must blend or contrast effectively. Great care should be taken if shades of the same color are used in the room. Blues especially are likely to clash, for the shades range all the way from those with a distinct purplish, almost orange tint, to those with a decidedly green cast.

Arranging a room symmetrically is more a matter of instinct than are any of these others. Symmetry itself is difficult to define beyond the fact that it is an effortless balance attained through exact proportions. Actual balance, quite another matter, is achieved through balancing a picture against a picture, a table against a table. Symmetry comes of balancing not identical, but equal values.

In a symmetrically arranged room, one corner of the room has the same weight as the opposite corner. Arranging and rearranging furniture, until in contrast no part of the room looks more bare than another nor more colorful, will result in something which approaches symmetry for the woman who has no instinctive flair for it.

Safety in the Bathroom

Many accidents occur in the home. And strangely enough the bathroom is the place where a good percentage of these accidents occur. Carelessness, of course, is responsible for a lot of accidents, while others are due largely to faulty arrangements, especially of fixtures, etc.

Many of the most serious accidents, sometimes fatal, occur when people are getting in or out of the tub. During the depression the plumbing industry had plenty of time to study the cause of these accidents and plan new fixtures and safety devices.

One of these devices which is expected to prevent many painful falls is a vertical steel bar firmly anchored to the wall in back of the tub. This bar is 36 inches long and has a corrugated rubber grip. On getting in or out of the tub the bather grasps this bar to avoid slipping. Anyone handy with tools can put up such a bar. It can be a piece of pipe fastened to the wall, or even a wooden rail. Painted some appropriate color it will make an attractive appearance and save many a serious fall.

When Uncle Sam comes to count noses for the census of 1940 he'll probably find a lot more red ones than in 1930.

COLOR
PRINTING

Increases the pulling power of any printing job. We are equipped to handle color printing quickly and satisfactorily.

Cleanliness Is Creator
of Beauty, Consultant
Says in Interview

A recently published interview with a beauty consultant, listed clean, healthy hair, a healthy skin, and a trim body as the chief beauty assets which a woman can have. Thorough cleanliness in itself is a beauty aid and creator. A glowing skin, hair which gleams, eyes which sparkle with health, will make up for somewhat ordinary features.

Powdered orris root, which can be procured from any druggist, is used by many women in their linens to give them a refreshing herb scent.

Printing
Is But a Small Part
of the Cost

IN getting out a circular, circular letter or other printed matter. The paper, the addressing, the mailing easily total more than the printing. Yet, in a large measure, the Results Depend Upon the Printing.

Let us show you some samples to illustrate our statement.

Millburn Home Unit
To Hold Joint Party
at Carl Hughes Home100 Attend Aid Supper
at Church Last
Thursday

Two representatives each from Hickory, West Warren and Wadsworth Units of Home Bureau met at the home of Mrs. George Bartlett at Wadsworth on Tuesday afternoon to decide the time and place of holding the August Garden Party. It will be held at the home of Mrs. Carl Hughes, Aug. 17th.

About one hundred people attended the Ladies' Aid supper at the church Thursday evening.

Miss May Dodge returned to the McCredie home Saturday after a five weeks' vacation at her home in Peoria. Her sister, Miss Lucy Dodge, came with her for a few weeks' visit with relatives.

Miss Jessie Anne Strang of Wau-

kagan and Harlan Fairchild of Urbana were married at the Episcopal parsonage by Rev. Mr. Ganster last Thursday evening. They will make their home in Chicago.

Mrs. Harper McKee of New York, Mrs. H. D. Hughes of Lynn Haven, Florida, with C. C. Ames of Gurnee spent Thursday at the A. G. Hughes home and attended the Ladies Aid supper.

Rev. Mr. Holden was a guest for dinner at the D. H. Minto home on Sunday.

The Christian Endeavor Society will hold their regular business meeting at the home of Robert Hughes on Friday evening.

Frank Slocum of Kenosha was a Millburn caller Wednesday.

Mr. and Mrs. Roy Edwards of

Waukegan, Mrs. George Edwards and Mrs. F. G. Edwards drove to River Forest Tuesday afternoon and called at the E. H. Edwards home.

Mrs. G. E. Martin and Richard spent Wednesday afternoon at the home of Mrs. Florence Achen in Kenosha.

Mrs. Jennie Pickles of Hickory spent Tuesday afternoon at the D. B. Webb home.

ON AN
AVERAGE
WASHDAY

YOUR SOAP costs ABOUT 5¢
YOUR POWER costs 3¢

THERE'S a washday bargain you may not fully realize because it isn't usually price-tagged. It's the electricity you use to run your washing machine. The power that swishes all the dirt out of clothes in the tub and wrings them out for the line costs just a fraction over a penny an hour in the average northern Illinois home. Less than 3 cents' worth of electricity takes all the hard work out of washday.

PUBLIC SERVICE COMPANY
OF NORTHERN ILLINOIS

Electric washers have never been priced so low at your Public Service Store and other local dealers.

N. R. A. CODE - - -

Continued From Page 1

merce, who states that a number of merchants favor a group discussion of the matter. Plans for beating the local depression this winter, will also be discussed. Mr. Swanson states, adding that he believes that Antioch is facing the worst winter in history, unless some community project can be adopted to better business conditions.

Drugstores Among First
Reeves' and King's Drugstores which were among the first to sign the code, are awaiting the drafting of the National Drugists' Association codes for final information as to their procedure. Delay in codes for individual retail groups is holding up the code adoption for a number of groups.

Business establishments in which less than three workers are employed are not included under the code, according to Lottie M. Jones, Antioch postmistress, with whom compliance certificates are being filed. Except where group codes have been drafted and accepted by the administration, all other merchants are included, according to Miss Jones.

The First National Bank was first in Antioch to display the N. R. A. eagle sign. The sign was placed on the bank door last Saturday. Both the First National and the State Bank of Antioch already have less than a forty hour week.

Chain Stores Sign
Atlantic and Pacific Tea Stores and the National Tea adopted the code with the announcement that "many additional workers will be employed during the next few weeks."

The Grocer's code, differing in some respects from that laid down by the President, prescribes a maximum 48 hour week, with a 20 per cent raise in the salary of any employee in town with a population of less than 2,500 who is receiving less than \$12 a week.

The code mapped out by the national associations of retail hardware, furniture, clothing, dry goods, mail order and shoe merchants, accepts the 40 hour week, but fixes a lower wage scale.

Employees earning more than \$35 a week are classed as executives in both codes, and are not affected by the hourly restrictions. Child Labor, meaning the employment of juveniles under 16 years, is prohibited.

Exemptions are also made of professional workers including nurses, internes, hospital and research technicians, and newspaper reporters, rewrite men and other members of editorial staffs.

Announcement was made early this week from Washington, that merchants who have only members of their families working for them, will be allowed to display the NRA eagle upon signing the certificate agreeing to observe the 40 hour week.

Local merchants who, in a few cases have not cut their staffs nor salaries, during the depression years, insist that adoption of a shorter week will work a decided hardship with them. No provisions for such cases have been made by the administration.

Boards Announced

Announcement of the selection of 48 state recovery boards to lead the drive for National Industrial Recovery.

Moroccan Courtship at Fair

Hasan El Frances charms "Little Morocco" with sweet desert love songs at the Moroccan Village of the Chicago World's Fair. A Century of Progress. Little Morocco, sensation of the Paris Exposition, dances daily for Fair visitors.

ery were made by President Roosevelt late Tuesday as a further step towards bringing all industries and business establishments under the industrial codes already put into effect by large companies.

Co-operation has met the administration in this new move toward beating the depression from all parts of the country although considerable difficulties have presented themselves individual industries without working in regard to adjusting the code to a hardship upon certain groups of employers.

Around 30,000 employers are reported to have signed the certificates of compliance in Chicago alone. Figures on the total sign-up to date are not available.

Functions of the board-appointed will be to promote signatures, pass upon individual signatures, and to advise the administration on developments in the states. Seven members have been named for 26 district boards also, it was announced at the same time.

Announcement was made Monday that Reno, Nev., gambling houses were adopting 5-day, 40 hour weeks and increasing hourly wages. Immediate new jobs for 1,000,000 persons adding \$900,000,000 yearly to wages and national buying power, were promised by the recovery administration the early part of the week following the country-wide response which had been received from merchants.

LAKE COUNTY Farm Bureau NEWS NOTES

Wheat Allotment Based on Average

60 Per Cent of 5-Year Production Is Estimate for County

The final allotment of wheat which will be made to Lake County farmers under the agricultural adjustment act and upon which they will get the compensation payment will be based upon the 1928-1932, five year average production of 99,220 bushels for the county, according to official figures which Farm Adviser, H. C. Glickerson, has just received.

The figures were compiled from official sources by A. J. Surratt, agriculture statistician of the Ill. State Department of Agriculture, and were released to farm advisers by H. W. Mumford, director of the extension service, College of Agriculture, University of Illinois.

Cash compensations to Lake County farmers for retiring acreage from wheat production, first payments of which will be made this fall, are estimated to total from \$14,888.00 to \$16,669.00, depending upon the final allotment to the county and the price per bushel that it fixed as the compensating payment.

Tentatively, it is estimated that the county's allotment will be about 60 per cent of the five-year average production, or 59,532 bushels, this percentage being set because about 60 per cent of the wheat crop is consumed as human food in this country. Also, while the bushel rate for the compensation payments has not been announced, it probably will be around 25 to 28 cents a bushel.

After the county allotment is set, it will be up to the farmers, through their county association, to divide it fairly among themselves. Each farmer's allotment will be figured upon his production for the past three years 1929-1932, and not upon the five-year average as in the case of the county allotment. Farmers therefore can save themselves time and trouble later on by getting certificates from threshermen of the amount of wheat threshed for the years 1930, 1931 and 1932 or certificates from elevator managers for amounts of wheat sold, it was pointed out.

If a farmer decides to take advantage of the cash consideration and cooperate in the plan, he signs a contract with the government to reduce his acreage in 1934 and 1935. This reduction has not yet been determined, but it will not be more than 20 per cent of the farmer's average seeded acreage and may be less. Growers cooperating in the plan will get checks for two-thirds of the payment due them probably by the middle of September. The remainder of this year's compensation payment will be paid after seeding time upon proof of acreage reduction.

The wheat program is part of the federal agricultural adjustment act and is entirely voluntary as far as the individual wheat grower is concerned, Dean Mumford pointed out. The plan is being administered from Washington. The College of Agriculture, University of Illinois is participating only in a cooperative capacity to assist with the education and preliminary organization work, he said.

LAKES IMPROVEMENT -

(continued from page one)

was shown the site of the proposed 700-foot bridge over which the new county highway will pass at Klon-dyke, between Grass and Fox Lakes. Improvements of channels connecting the various lakes was urged.

Michigan Canal Suggested
"What we want and need is navigation," Ray Pregonzer, veteran Grass Lake hotel keeper and sportsman, told the commission.

Pregonzer stated that a number of engineers have approved a plan to build a canal connecting Lake Michigan, the Fox river and the chain of lakes waterways. While Commission members are not concerned over this project at the present time, it is considered a possibility and agitation for it will be started to win the approval of legislators at Springfield.

Reforesters May Help
Belief that a contingent of the Federal Reforestation Army will be sent into the region in the event federal aid is secured, was expressed by Representative Lyons.

"I believe we should have quick action. I think that the hundreds of swampy acres there belonging to the county could be made into a state park with the assistance of the conservation corps. It would be better to dredge these channels and lakes and use the soil dredged to build new islands than it would be to build lagoons in the Skokie swamp. The river and lakes district are used by thousands of vacationists as it is now, and with improvements it would be a beauty spot that would attract thousands more," Lyons said.

Other state assemblymen present besides members of the Commission, included Senators Ray Paddock and George Maypole, and Representatives William M. Carroll and Thomas Bolger, of McHenry County.

At luncheon the inspection voyagers were guests of C. K. Anderson at his home on Channel Lake, and the business session was held at Pregonzer's Grass Lake Hotel. Lake county men present at the meeting included William J. Stratton, J. P. Pettit, Art Gardner, Nicholas A. Waterloo, Ralph A. Waterloo, W. G. Potter, Lew Hewes, George F. Kramer, C. K. Anderson, Ben H. Smith, E. H. Keplar, R. M. Loddell, H. L. Wolcott, J. C. James, Everett Hunter, W. A. Rosink, R. E. Lindgren, H. J. Miller, Frank Stanton, H. B. Gaston, Charles Stanton and Edward White.

Many of these men spoke before the Commission, but improvement plans as suggested varied so widely that it was the suggestion of C. K. Anderson that a meeting of residents in the lake area be held to formulate plans. Definite information can then be handed to the Commission to carry to Springfield and Washington.
